RE: State v. Oatney: High School Associates
DATE: January 6, 1998

On January 3, 1998, Art Racicot and I went to the Escondido public library and located the San Pascual High School yearbook for the 1973-1974 school year. This was the year Johnston graduated. Johnston was a member of the football, soccer and track teams and also participated in a club called the "Interact Club." After copying the applicable pages of these groups, I identified the following individuals whom Johnston was associated with in at least two of these groups: Dennis DelBosque; Jose Espinoza; Mike and Bob Schouten; Al McKnight; Harold Christianson; Eric Colling; Alan Conner; Rob Long. I am in the process of trying to track down some of these persons.
